Fraud Tips to Keep Your Account Safe.

TopLine is here for you and will do our very best to protect you and your accounts against fraudulent scammers.

- **Protect your devices and accounts.** Make sure your passwords are strong. Use at least 16 characters, and they should be unique for each account. Use Multifactor Authentication (MFA) if available. This is a second step to prove your identity when logging in to help keep your accounts safe (example: entering a code sent to you).
- **Recognize scam and phishing attempts.** Legitimate businesses won't ask for sensitive information via text or email. Be wary of unexpected messages asking you to verify your delivery address or confirm your purchase or account.
- **Shop Confidently.** Always verify a business before entering any information. Malicious websites may appear professional. You can always search for a business on Better Business Bureau.
- **Never share personal information. TopLine will never contact you to ask or confirm your personal information.** Be aware of those that contact you via phone, email, text or mail and ask for your identifying information, like account numbers, PINs, CVV security codes, social security number, DOB, most likely this has the potential of being a scam.
