Yes, all open *legacy* Anoka Hennepin debit cards will be replaced with new TopLine debit cards. You should receive your new TopLine debit card before your current Anoka Hennepin debit card is deactivated on 8/4/25. **Please activate your new TopLine debit card and begin using it on 8/4/25—but not before. Your existing Anoka Hennepin debit card can be used through 8/3/25, but will no longer work starting 8/4/25.**

Q. Why can't I activate my new debit card before 8/4/25?

The software system changes include the migration of *legacy* Anoka Hennepin member data into TopLine's systems. The member information included in this migration will not be fully migrated until 8/4/25. Your new debit card is linked to your new TopLine accounts, which will not be active until the migration is completed on 8/4/25.

There are several reasons you may not have received your new TopLine debit card, including:

1. Is the mailing address on file for your accounts accurate? If we have a different address on file when your new card was issued, you may not have received it.
2. Was your debit card open and active when a new debit card was issued? If your old card had a recent status change, such as lost or stolen, there may have been a delay in a new one being issued to you.

If you haven't received your new TopLine debit card or would like to check on the status of your new debit card, please contact us by phone at 763.422.0290 or in person at a branch location.

The name printed on debit cards generally have a maximum of 21 characters, including any spaces, hyphens, periods, etc. If the total number of characters exceeds 21 characters, characters must be removed.
